You shout in my sleep
And you say "The exit is sold!
You! I'm waiting for you I said
I was calling out
Oh yes yes still shaking
Oh yes yes still in pain
I can't close my eyes and make it go away
Broken bottles under my foot
Bodies strewn across a dead
I won't head the battle call
Oh no! Bloody Friday

You shout in my head
And you say The Battle just begun
Tell me who has won I said
I was calling out!

-Repeat-

I believe you set me free

-Repeat-

You can do - Nothing to loose
You can do - Nothing to gain
You can do - Nothing at all

You shout in my dream
The city walls are all come down
No spoken words just a scream
I was calling out

-Repeat-

A day of the holocaust

-Repeat-
