Doom from the realm of El-Ca-Loom  
Smelly gel fume  
Separating cell womb  
To Melle-Mel, boom!  
Revelations in Braille  
Respiration, inhale  
View nations fail and  
Shaking of a snake tail  
Make due  
Blazing swords, trace the haze  
Praise the lord, saving grace  
Lace your broad, she say she bored  
A crazy straw, ink and stale-dried parrafin  
Candy corn crap rappers pale by comparison  
A bad Samaritan averaging above average men  
Rancid (rance) havin' ramblin', savages scavagin  
For scraps, perhaps road kill, if that  
Gift of gab and he flow ill, chrome stiff hat  
Note for writing lightnin' tight lines  
Cheef and beef and bein' off deep ends, divine bright  
shines even  
Dimes quiet as minds by design, mighty fine  
Slight rewind, tightly bind, blind lead blind  
Need minds now, that was this is then  
Listenin' to sizzlin' officialtons whisperin' him again  
Metal Face spinster playin' with the dirty money  
Sinister, don't know what he sayin' but the words be  
funny  
Major vets spaded through the vest with a bayonet  
Save your breath, gave a F, pay your debt, they forget  
Make 'em sweat bullets, crime pays no benefits  
Then it gets wilder with more childish and degenerates

Yodel at your uncle flows  
My motorcycle trunk fulls  
From two one to one, loose crumbs to chumps in  
bundles  
Hands down  
Better than what your mans used to get  
Standing around for where the translucent lucid spit  
Missin wheel, you don't listen, you a feel head  
Sittin in the kitchen, pissin' twitchin', kissin' steel lead

Crime pays, no dental nor medical  
Unless you catch retirement  
County, state, or federal  
Ya heard like roaring waters in a seashell  
If a tree fell, you couldn't tell from 3 cell  
Be real careful, they tellin' by the earful  
Kids doing skid bids, acting out is terrible  
Word is bond, fix your clothes  
Put a shirt on  
Pants sagging back when used to meant you had a  
skirt on  
Squirts posin' as thuggers and hustlers  
El Eloh closer than y'all's ball huggers and jugglers

MuÂ'fuckas.
