Once again I stand alone with a simple plan, of a
humble man

And someone told me I should never lean a hand, I'll
do best I can
You had it all and I got nothing at all

It changed your life forever
Rise or fall, it means nothing at all

It changed your life
[Chorus]
Because like razorblade again we falling for these
grain

Every day we kill our sense while looking for your
sleeve

Come out and you'll see

you'll lean up but you can't change me
[/Chorus]
Walk along on your own on a broken land, while I still
stand

And when its all done and out of your hand, I don't give
a damn
You had it all and I got nothing at all

It changed your life forever
Rise or fall, it means nothing at all

It changed your life
[Chorus]
Because like razorblade again we falling for these
grain

Every day we kill our sense while looking for your
sleeve

Come out and you'll see

you'll lean up but you can't change me
[/Chorus]
If you stay behind me...

Stay behind and you'll see...

Over, its over now...

Over, you can't get up
[Chorus]
Because like razorblade again we falling for these
grain

Every day we kill our sense while looking for your
sleeve

Come out and you'll see

you'll lean up but you can't change me
[/Chorus]
