"Hide Your Scars"

Know the man who'll burn down
The evidence
He's the one who gets kicks out of
Violence
He knows all about hate and pride
What a waste of time

Hit by hit he is crushing down
The old
Bit by Bit every inch of your soul
It doesn't matter who's wrong or
Who's right
What a waste of life

Someone told you to come along
Walk beside and you're not alone
Same old days won't return
When you cross the line you learn

You better know the game
Where no one knows your name
You should hide your scars for the
Last time
Every day it's all the same
When no one knows your pain
You should hide your scars for the
Last time

Know the man who'll burn down
The evidence
He's the one who gets kicks out of
Violence
Once again time is passing by
What a wasted life
