Life goes by, On and on.  
How you truth might end it all.  
Then I wonder, You and I, Side by side.  
Once again I saved your life  
Then I wonder.

How long it takes that you learn from your mistakes?  
Life goes by, On and on.  
You desicde what it's for.  
And I wonder.  
I can't hide, it's all the same.  
I keep my dream, one more day.  
And I wonder.

How long it takes that you learn from your mistakes?  
How long it takes that you learn from your mistakes?
