Crawling within
Worms of the subconscious
Festering on humanity
Like a sick disease
A cancer of thoughts
Bleeding through to you

Not showing anything
I remain the same
Failing once again

Feeding the stillborn dreams forlorn
Insane creation, I foretold
The plague of mankind
The dawning end
The age of suffering
Death's eternal friend

[Chorus]

The bleeding scar
That shows within
Eternal suffering
A lovers sin

Watching them crawl
Watching the insects crawl
Towards me, towards us
The plague of man
The age of suffering
The end of everything
... everything
