Go one twist the knife  
I know i never been right  
I don't live how you'd like  
Just keep your mouth shut  
I don't care what you're trying to say  
Fucked it up a hundred ways  
My road is mine to walk  
Go choke on all your talk  
New wounds on old scars  
They'll heal soon and I'll move on down the road...  
Don't need what you've got to give  
Don't care how you want me to live  
Don't want what you're trying to sell  
Take it with you to hell  
Eat shit with a grin  
Don't care if i lose or win  
The road's long, I'll get to the end  
I won't get dragged down no more  
New wounds on old scars  
They'll heal soon and I'll move on down the road...  
New wounds on old scars  
They'll heal soon next time I'll keep my guard  
I don't want your money  
I don't want your life  
I need your charity  
Like a wound from a knife  
Come alive
