(Duet with Martina McBride)

There's something out there left for you

But it's not me.

We reached a point of no return

It's only right I set you free.

I know I'll have to turn away

But there's nowhere for my love to go.

And there won't come a day

When I won't honor what we vowed.

But I'll go on with my life.

We can even say goodbye for now

If that's what we have to do.

Here in my heart even when my arms are empty

Darlin, I'm still holding on to you.

We can't deny that this one's out of our control,

Stronger than the both of us and bound to take its toll.

I can stand the test of time

And as far as I can see there are no walls that we can't  
climb

Standing between you and me

But I'll go on with my life

We can even say goodbye for now

If that's what we have to do.

Here in my heart even when my arms are empty

Darlin, I'm still holdin on to you.

There's a place you'll always be

No matter where you are you're here with me

When the world is turning upside down

Together we can stand our ground.

We can even say goodbye for now

If that's what we have to do

Here in my heart even when my arms are empty

Darlin I'm still holdin on to you.

I'm still holdin' on to you.
