Funny thing about a mind lookin' for that brighter side  
It's the only way that I can find to let my feelings hide  
But every now and then I falter back on old memories  
And I'm right back in love again and back down on my knees

Chorus:

And I'm finding out the hard way  
There'll never be a time when I don't think about you  
And I'm finding out the hard way  
At least here in my mind, I won't go on without you  
All the times I reminisce  
I'm finally realizing this  
Until it's gone it can't be missed  
But I'm finding out the hard way  
Sure I'm gonna make it through, the sun'll overtake the night again  
Then it's out of my mind with you and let another day back in  
And for a while I'll carry on, but what you said is surely comin' true  
And although it might not last that long, the times are not so few

Chorus:

I'm finding out the hard way
