Walkin' away, I saw a side of you
That I knew was there all along.
And that some-day I'd say good-bye to you
'Cause one right can still make two wrongs.
Not for each other, not from the start
The diff'rence was day and night.
My finest hour was spent here with you in the dark,
Was just before I saw the light.

It's the people who want love and the people who need
love
Who find love on the way.
I'll be looking for someone 'til I find the right one,
Then I won't be walking away.

Now that I know what I'm tryin' to find
There's only one place it could be.
So I'm lookin' ahead, I've stopped looking behind
For someone who's lookin' for me.

It's the people who want love and the people who need
love
Who find love on the way.
I'll be looking for someone 'til I find the right one,
Then I won't be walking away.
