Blood, scars and wounds  
I shape my own fate  
False truth forgers  
My life is my deeds  
Wrath of the Gods  
Or Envy of Man  
Evil and Treachery  
Shall never defeat me

Before the Gods  
I swear to never  
Give up the fight  
Wrath of the Gods!

Fire of Anger  
Of Trust betrayed  
Spirit of Ice  
Stillness of Soul  
Wrath-Tempered Heart  
Trial by Solitude  
The Strong did survive  
The Blade is unsheathed

Scarred and wounded  
I rise once again  
I am undefeatable, Unbreakable  
Ostracised, exiled  
Yet unvanquished  
I am impassible  
Indomitable

[Solo: Deathmaster]  
[Solo: Sacred Heart]
