"Air On A B String"

You have your own point to make
Your indecision is not your own
You harbour your thoughts away
You care for yourself, why don't you wake up

Get out on my own
Chance to be alone
Get out on my own
It's just the same as it was before

You only go down when you fall
Your at the edge of yourself again
You fear for your own, why don't you step up

Get out on my own
Chance to be alone
Get out on my own

If you only knew what i could then you would to, why
don't make yourself
