it was your words  
stopped my breathing  
is it alright  
if i lie unmoving  
i figured, that you wanted  
something more than i could give  
i figured, that you wanted  
something

thoughts are clearer  
trapped in walls of your confines  
is all that i have known  
so can you hear me  
and i hope  
hear the screams and read the signs  
please don't break my bones

it's been a long night  
can't be more than freezing  
this is your dream  
what do you believe in  
forgive me, i needed  
something more than you could give  
forgive me, i needed  
something

thoughts are clearer  
trapped in walls of your confines  
is all that i have known  
so can you hear me  
and i hope  
hear the screams and read the signs  
please don't break my bones

all alone  
its nearly over  
turn and face it  
don't waste it

thoughts are clearer  
trapped in walls of your confines

is all that i have known  
so can you hear me  
and i hope  
hear the screams and read the signs  
please don't break my bones
