10 minutes to get out  
before choice is no longer yours  
the closure is much darker than the black in my eyes

im not waiting to find out  
if you stay, then you stay alone  
the choice that we have made  
might be the burden of our lives

what are you hiding from tonight  
are you scared to face this one  
know  
the truth is not yours  
when you're left alone  
you can't reverse it

you're shaking are you alright  
are things not going to plan this time  
stop shaking  
you'll be alright if you can hold it together  
you're shaking are you alright  
why can't you hold it together this time  
stop shaking  
this ends tonight if you can hold it together

hold together

what are you hiding from tonight  
are you scared to face this one  
know  
the truth is not yours  
when you walk alone  
you can't reverse it

woah

what are you hiding from tonight  
are you scared to face this one  
know  
the truth is not yours  
when you're left alone

you can't reverse it
