is it ok  
if i stay beside you  
whilst you're sleeping  
is it ok  
if i run my fingers through your hair and  
is it ok  
if i carve your name into my heart  
is it ok  
if i hold you  
just to feel you breathing

i'll make sure  
you get your chance  
just focus and don't let go  
i'll make sure  
you get your chance  
just focus, focus

all this time that we've spent running  
stay close, don't let it slip away  
i won't hold back what im feeling anymore

is it ok  
if i lay beside you whilst you're sleeping  
is it ok  
if i trace this message on your skin  
is it ok  
if i carve my name into your heart  
is it ok  
if i hold you, just to feel you breathing

i'll make sure you get your chance  
just focus and don't let go  
i'll make sure you get your chance  
just focus, focus

all this time that we've spent running  
stay close, don't let it slip away  
i won't hold back what im feeling anymore

anymore...

there's hope for us  
there's no hope

all this time that we've spent running  
stay close, don't let it slip away  
i won't hold back what im feeling anymore

all this time that we've spent running  
stay close, don't let it slip away  
i won't hold back what im feeling anymore
