Ich weil' in dieser welt!

I got a loaded gun a weapon of beta sex sex
Total recall but i feel in such a daze
Distorted i'm starting to realize
Can't stop the flow of the upcoming file
That's you, wanna enjoy my artificial love
Can't stop the pills, don't thrill me enough
There is no one, nobody gone there
It's a party you're not going to suffer!

Burn to feel
Burn the last tought
Come'n'test it, you'll never regret for

Another Pleasurure
Just a pleasure of love
Another pleasure
Just a pleasure of love
Another pleasure
Ich weil? in dieser Welt, da es euch so gef?llt,
Eine Maschinerie gedopt mit Sex Chemie
