We don't know what to believe
We only go by the TV
I don't know but I will fight
I won't let my brothers die

Stand up
Stand tall
We're not about to fall
Stand up
Stand tall
All for one and one for all

Kill the fucking enemy
Kill the fucking enemy
Burn, burn, burn the mother fucker down
Kill the fucking enemy
Kill the fucking enemy
Burn, burn, burn the mother fucker to the ground

Go!

I can not hide from your disease
The more you die the more I breathe
I won't go blind for your lies
I won't fucking die

Stand up
Stand tall
We're not about to fall
Stand up
Stand tall
Hit 'em now and watch 'em fall

Kill the fucking enemy
Kill the fucking enemy
Burn, burn, burn the mother fucker down
Kill the fucking enemy
Kill the fucking enemy
Burn, burn, burn the mother fucker to the ground

Burn, burn, burn motherfucker say it

Burn, burn, burn motherfucker say it
(Burn, burn, burn motherfucker, burn, burn)
Burn motherfucker!

Burn the motherfucker to the ground
Burn the motherfucker to the ground
Burn the motherfucker down

Stand up
Stand tall
We're not about to fall
Stand up
Stand tall
Hit 'em now and watch 'em fall
All for one and one for all

Kill the fucking enemy
Kill the fucking enemy
Burn, burn, burn the mother fucker down
Kill the fucking enemy
Kill the fucking enemy
Burn, burn, burn the mother fucker down

Kill the fucking enemy
Kill the fucking enemy
Burn, burn, burn the mother fucker down
Kill the fucking enemy
Kill the fucking enemy
Burn, burn, burn the mother fucker down

Burn, burn, burn mother fucker
Burn, burn, burn mother fucker
Burn, burn, burn mother fucker
Burn, burn, burn mother fucker
