Are you looking?
Are you laughing at me?
Are you reminiscing?
Do you remember me?

You wouldn't talk to me
You shut the door on me
You left me there standing
Do you remember me?

Try how I try to keep it inside, yeah
Crazy, crazy

You wouldn't talk to me
You shut the door on me
You left me there standing
Do you remember me?

Try how I try to keep it inside, yeah
Crazy, crazy
(I'm not goin', well I'm not goin' crazy)

Show me 'cause I can't see
Help me 'cause I can't breath
Drowning I'm in too deep
Help me I know that

I'm not goin', well I'm not goin' crazy

Are you rejoicing about my decease?
Is he looking, does he look like me?
No

I'm not goin', well I'm not goin' crazy

Show me 'cause I can't see
Help me 'cause I can't breath
(I'm not goin', well I'm not goin')
(I'm not goin', well I'm not goin' crazy)
