It's you over my dream frame  
Falling from hi-grace like myself  
It's you a blue sun to stare us  
Breathing togheter  
(in the dark)

In cold sides of my mind  
I'm starting to rewind  
Over the golden heart that is colder  
You're fading by my side  
All wired i can't stop to cry  
Loosing my only hope in this dark dead world of rust

It's you over my dream frame  
Falling from hi grace like myself  
It's you a blue sun to stare us  
Breathing togheter in the dark  
It's you living for nothing  
Living in nowhere for my faults  
It's you enjoying this decay dance  
Over the dance floor of my heart

In cold sides of my mind  
I'm starting to rewind  
Over the golden heart that is colder  
You're fading by my side  
All wired i can't stop to cry  
Losing my only hope in this dark dead world of rust

In cold sides of my mind  
I'm starting to rewind  
Over the golden heart that is colder  
You're fading by my side  
All wired i can't stop to cry  
Losing my only hope in this dark-  
In cold sides of my mind  
I'm starting to rewind  
Over the golden heart that is colder  
You're fading by my side  
All wired i can't stop to cry  
Losing my only hope in this dark deadin cold sides of

my mind  
I'm starting to rewind  
Over the golden heart that is colder  
You're fading by my side  
All wired i can't stop to cry  
Losing my only hope in this dark dead world of rust
