How many times should I stop and believe in myself,
I don't believe much in anything.
I've seen enough of the pain and the shame and the
blame,
It don't amount up to anything.
Now I,
Rewind back to a time
where I could do anything and pay any price.
And I,
Need time 'cause I'm starting
to think that the promises ain't worth the sacrifice

And there's nothing for me here.
There's nothing for me here.

How many nights should I walk in my sleep,
and I dream of how much I wanna run away (wanna run
away)
I've had enough of the stress and the mess
I cant take anymore I gotta getaway
Now I,
Know why I'm empty inside
and I'm sure I've only got myself to blame.
And I,
Don't try to view the lies
it's just a waste of time I'll never be the same

There's nothing for me here.

There's nothing for me here.
There's nothing for me here.
I gave you my life and it's fading away.
There's nothing for me here.
I gave you my life just to fade away.

And I cant go on.
And I cant explain.
With everyone's gone, and I'm
left holding the blame.
And I cant rewind.
And theres no escape.
It's been so long and I just don't feel the same.

There's nothing for me here.
There's nothing for me here.
There's nothing for me here.
I gave you my life and it's fading away.
There's nothing for me here.
I gave you my life just to fade away.
How many times should I stop and believe in myself,
I don't believe much in anything.
There's nothing for me here.
There's nothing for me here.
I gave you my life just to fade away
