[Originally wrote and performed by Depeche Mode]

Can't you understand  
What makes a man  
Hate another man  
Help me understand

People are people  
So why should it be  
That you and I should get along awfully  
People are people  
So why should it be  
That you and I should get along awfully

So now theres different colors  
And theres different breeds  
And different people  
Have different needs  
It's obvious you hate me  
Though I've done nothing wrong  
I've never even met you  
So what I could I have done

Can't you understand  
What makes a man  
Hate another man  
Help me understand

People are people  
So why should it be  
That you and I should get along awfully  
People are people  
So why should it be  
That you and I should get along awfully

So now you're punching  
And you're kicking  
And you're screaming at me  
You're relying on my common decency  
I know it hasn't surfaced  
But I'm sure it exists  
It just takes a while to travel

From my head to my fist (Boom)

Can't you understand  
What makes a man  
Hate another man  
Help me understand

People are people  
So why should it be  
That you and I should get along awfully  
People are people  
So why should it be  
That you and I should get along awfully

Can't you understand  
What makes a man  
Hate another man  
Help me understand  
Can't you understand  
What makes a man  
Hate another man  
Help me understand

People are people  
So why should it be  
That you and I should get along awfully  
People are people  
So why should it be  
That you and I should get along awfully

People are people  
Why should it be that we get along so awfully  
(Cant you understand) why should it be  
Cant we get along cause people are people  
(Cant you understand) Why should it be  
Cant we get along cause people are people  
(Cant you understand) Why should it be  
Cant we get along cause people are people
