Here is to tomorrow  
Baby, I'm feelin sick  
Complain the whole world's angry  
You make me sick

With each crime you processed me  
You stuck me with the rest  
Every time you mess with me  
I'll put you to the test

Bang, bang, bang in your head, fucker  
Bang, bang, bang and you're dead, fucker  
Bang, bang, bang in your head, fucker  
Bang, bang, bang and you're dead, fucker

Here is to tomorrow  
Maybe I'm getting sick  
For every time you caressed me  
I'll put one in your head

I gave up on society  
And everything you've said  
Have it your way

Bang, bang, bang in your head, fucker  
Bang, bang, bang and you're dead, fucker  
Bang, bang, bang in your head, fucker  
Bang, bang, bang and you're dead, fucker

And you're dead fucker  
And you're dead fucker  
And you're dead fucker

Bang, bang, bang in your head, fucker  
Bang, bang, bang and you're dead, fucker  
Bang, bang, bang in your head, fucker  
Bang, bang, bang and you're dead, fucker
