

Dope

"Take Your Best Shot"

Visit "[Take Your Best Shot](#)" on MotoLyrics.com

What do you want to do with your life?

Go on and take your best shot

Blow them away
Blow them away

Blow them away
Blow them away

I don't know why
And lately I don't understand
Why the world's so blind
And no one seems to give a damn

Don't let them say that
You can't be the things that you want to believe in
You got to take your best shot

Blow them away
(You gotta take your best shot)
Blow them away

Blow them away
Blow them away

I don't know why
Everything's not okay
Try before you die
'cause that might be today

Don't let them say that
You can't be the things that you want
Just believe in yourself
And take your best shot

Blow them away
(You gotta take your best shot)
Blow them away

Blow them away
Blow them away

What do you want to do with your life?
This is your life
What do you want to do with your life?
What are you gunna do!?

Don't let them say that
You can't be the things that you want
Just believe in yourself
And take your best shot

Blow them away
(You gotta take your best shot)
Blow them away

Blow them away
Blow them away

You gotta take your best shot
What do you want to do with your life?
