I  
Don't wanna know your name  
And I  
Do want your private number baby  
CHORUS

All I know is that to me  
You look like you're lots of fun  
Open up your lovin' arms  
I want some, want some

And I,I,I,I have got to have my way now baby  
I set my sights on you  
(And no one else will do)

CHORUS  
You look like you're lots of fun  
All I know is that to me  
Open up your loving arms  
You spin me right round baby  
Watch out here I come  
Right round round round  
Right round like a record baby  
You spin me right round baby  
Right round round round  
Right round like a record baby

I  
Don't wanna be your friend now baby  
But I  
I wanna move it just a little bit closer  
All I know is that to me

CHORUS  
Open up your loving arms  
You look like you're lots of fun  
Watch out here I come  
You spin me right round baby  
Right round like a record baby  
Right round round round  
You spin me right round baby  
All I know is that to me

Right round like a record baby  
Right round round round

Open up your loving arms  
You look like you're lots of fun  
Watch out here I come  
You spin me right round baby  
Right round like a record baby  
Right round round round  
Right round like a record baby  
You spin me right round baby  
Right round round round
