Hey human! What are you doing here?
Get your fucking face away from my sight
motherfucker!

World of disorder.
Mechanical embrace.
Across the border
Of human race decay.
Toxic pollution
Of military trash.
Rust all around this earth.
Men eating human flesh.

Asshole forget to make your world come back.
I killed your fate and slaughtered all your race.
Asshole forget to make your world come back.
I killed your fate and slaughtered all your race.

World of disorder.
Mechanical embrace.
Across the border
Of human race decay.
Toxic pollution
Of military trash.
Rust all around this earth.
Men eating human flesh.

Asshole forget to make your world come back.
I killed your fate and slaughtered all your race.
Asshole forget to make your world come back.
I killed your fate and slaughtered all your race.

Yeah the brand new generation of machines.
Programmed disposition for your needs.
Yeah the brand new generation of machines.
To make your war to play and kill.

World of disorder.
Mechanical embrace.
Across the border
Of human race decay.
Toxic pollution

Of military trash.
Rust all around this earth.
Men eating human flesh.

Yeah the brand new generation of machines.
Programmed disposition for your needs.
Yeah the brand new generation of machines.
To make your war to play and kill.

Asshole forget to make your world come back.
I killed your fate and slaughtered all your race.
Asshole forget to make your world come back.
I killed your fate and slaughtered all your race.
