Take my eyes
Burn down the Sun
How can you be so cold?
You left me here
All hope is gone
Where is the life I sold
I pray the dawn
Will break this spell
What will become of me?
It took my breath
So hard I fell
Lost in a shell, ghostly
And the rain falls down
On this lonely child
And I could not feel
The fire
And I realize
This was meant to be
And I need some time
To grieve
And you fade so slowly
Now all that shines is Gold
And I feel I'm dyin'
How can you be so cold?
When the sky in fallin'
Now that you're growin' old
And I feel that I'm dyin'
How can you feel so cold?
So slowly wake me
From my sleep
Here in this house I dwell
And I don't delay
The wound so deep
Down in this livin' hell
