"Let No Walls Divide"

Let no walls divide your world
Pull them down today
Take the stranger by the hand
Lead him on his way

If he stumbles, help him rise
Calm his foolish pride
Give him kindness, give him love
Let no walls divide

Let no walls divide your world
Let no walls divide your world

Let each day be Christmas Day
As you go through life
Love your neighbor as yourself
Let there be no strife

Love can overflow the heart
Like a rising tide
Peace on earth, goodwill to men
Let no walls divide

Peace on earth, goodwill to men
Let no walls divide
