You turned my world around a long time ago
I just can't take no more, got to let you know
Now I'm burning with fire
Passion burns along with desire
And I'm standing here waiting
For the night you belong to me

I'm burning up for you
So deep inside my soul

All I want is your love
It's the stuff where dreams come from
All I want is your love
Take me there with your magic touch
All I want is your love
Can't get enough

I'm caught inside a web of mystery
Holding on to what I think I need
And I'm lost here without you
I know I'm a fool to allow you
And I wonder when it was
That I said, you can't feel good

Oh, no, no, no
I'm burning up for you
Now I might lose control

All I want is your love
It's the stuff where dreams come from
All I want is your love
Take me there with your magic touch
All I want is your love
Can't get enough

I'm burning up for you
You're all that I need
The heat that I want
Is what I breathe

All I want is your love
It's the stuff where dreams come from

All I want is your love
Take me there with your magic touch
All I want is your love
Can't get enough

All I want is your love
It's the stuff where dreams come from
All I want is your love
Take me there with your magic touch
All I want is your love
Can't get enough
