Down on your knees I send you
Crawl on some broken glass
Barbed wire, heart is waking
Feeds on the night's demand

If I fall to the ground in pieces
I can't work with a safety net
I can run with the best of storm clouds
Don't love me, now don't bet
Take me somewhere, take me nowhere
Take my love like whiskey straight
Take me over, take me under
Take my love like whiskey straight

Down to the wall of secrets
Down to the sea of sin
Only one way to get me going
Only one way to ever win

Now I won't stand for crazy stories
I take words like whiskey straight
First you'll laugh, then you'll laugh no more no
I'm different, you're not safe

Take me somewhere, take me nowhere
Take my love like whiskey straight
Take me over, take me under
Take my love like whiskey straight

What you wanna do
You wanna take me or what
What you wanna say
We feel so hot

If I fall to the ground in pieces
I can't work with a safety net
I can run with the best of storm clouds
Don't love me, now don't bet
Take me somewhere, take me nowhere
Take my love like whiskey straight
Take me over, take me under
Take my love like whiskey straight

Take me somewhere, take me nowhere
Take my love like whiskey straight
Take me over, take me under
Take my love like whiskey straight

Take me, take my love
Take me, take me somewhere
Take my love, take my love
Take me, take me somewhere
Take my love, take me under
Take me, take my love
