fathergive me just a signthat i'll survivehow can i stay
alivewhen guns shoot fire
peoplei can feel the hatebehind their eyesinsanity rules
my lifegot no tomorrow
it's such a long long way from homeand in my heart i
can't go onlost on this battlefield of hopei feel so
lonelyit's such a long long way from homemy bleeding
heartcan't take no moreanother day of warthat's
waiting on my way
darlingthere's so much paini keep insidei couldn't
believe my eyesthe sky's are burning
help meunderstand this fightfor wrong or rightwhat
does it matter nowthe world is dying
it's such a long long way from homeand in my heart i
can't go onlost on this battlefield of hopei feel so
lonelyit's such a long long way from homemy bleeding
heart can't take no moreanother day of warthat's
waiting on my way
solo
it's such a long long way from homeand in my heart i
can't go onlost on this battlefield of hopei feel so
lonelyit's such a long long way from homemy bleeding
heart can't take no moreanother day of warthat's
waiting on my way
