My eyes just drink you in and I always feel so much
I'm contemplating sin and you know I'm losing touch
Everything is moving fast, I know that this must end
Like a drug that doesn't last let the hangover begin

There's a pain that you left here
Though I don't know where you are
I always feel you there
Where I'm aching and I'm scarred

Can you see it in my eyes? Can you taste it in my tears?
And I'm drowning every night, It's been going on for
years

(I'm scarred)

I keep calling out you name, I keep reaching out for you
In the sweetness and the pain, the scar becomes the
truth

There's a clock right by my bed, it keeps blinking out
the time
In a bloody shade of red just like what's on my mind
And the time passes slow and this feeling never ends
And the darkness never goes and the new day won't
begin

There's a pain that you left here
Though I don't know where you are
I always feel you there
Where I aching and I'm scarred

Can you see it in my eyes? Can you taste it in my tears?
And I'm drowning every night, it's been going on for
years

(I'm scarred)

I keep calling out you name, I keep reaching out for you
In the sweetness and the pain, the scar becomes the
truth

The truth, the truth, the scar becomes the truth

There's a pain that you left here
Though I don't know where you are
I always feel you there

Where I'm aching and I'm scarred

Can you see it in my eyes? Can you taste it in my tears?

(I'm scarred)

And I'm drowning every night, it's been going on for
years

(I'm scarred)

I keep calling out your name, I keep reaching out for you

(I'm scarred)

In the sweetness and the pain, the scar becomes the
truth

I'm scarred, yeah, I'm scarred, I'm scarred, yeah

I'm scarred, scarred yeah, scarred
