Long time  
I searched for gold in the heart of mine  
And I feel all alone at night  
Run for my life

Yeah I was broken down  
I feel so lost, no one around  
Can you please help to find a way  
Before I loose my mind

Can you seek love?  
Can you feel love?  
Can you seek love in my heart?

Heaven  
Can you feel the thunder  
Heaven  
Can you see the thunder  
Well, it meant a broken heart  
That  
Heaven  
With Heavy Metal thunder

It  
I see the clouds, I see the sky  
I  
Who cries, struggles and fights

And when I close my eyes  
I see the truth behind these lives  
I see the difference in our lives  
Comes from inside

Can you feel love?  
Can you seek love?  
Can you feel love in my heart?

Heaven  
Can you feel the thunder  
Heaven  
Can you see the thunder

Well, it meant a broken heart  
That  
Heaven  
With Heavy Metal thunder

Can you seek love?  
Can you feel love?  
Can you seek love in our hearts?

Heaven  
Can you feel the thunder  
Heaven  
Can you see the thunder  
Well, it meant a broken heart  
That  
Heaven  
With Heavy Metal thunder

Heaven  
Can you feel the thunder  
Heaven  
Can you see the thunder  
Well, it meant a broken heart  
That  
Heaven  
Heaven  
Heaven  
With Heavy Metal thunder
