You call me a wayward child
Meant to be free, born to be wild
That

Who do you see before you now
A friend, a lover, an angel or witch
Who you call your love, if you wish

If I was lyin
Like I am naked would I dare

[Chorus]
With all the power of my wild heart
I would break down the walls
That would keep us apart
With all the passion that
Sacrifice everything that I got
Just take me, don
Just blame it on my wild heart

I
My faith and trust
Not my innocence
And no revenge

You can forever be free
Or you

[Chorus]
With all the power of my wild heart
I would break down the walls
That would keep us apart
With all the passion that
Sacrifice everything that I got
Just take me, don
Just blame it on my wild heart

With all the power of my wild heart
I would break down the walls
That would keep us apart
With all the passion that

Sacrifice everything
With all the power of my wild heart
I would break down the walls
That would keep us apart
With all the passion that
Sacrifice everything I got
Just take me, don
Just blame it on my wild heart
