I have been waiting here  
Feels like a million years  
Sometimes I disappear  
Into the blue  
Lost in the city lights  
I can stay out all night  
But it's such a lonely life  
And nothing, nothing seems right  
But with the wave of your hand  
Everything changes  
With the wave of your hand  
I feel your magic on me  
And I have the spark  
And I have desire  
And I'm drawn to the fire  
With the wave of your hand  
With the wave of your hand  
I'll never know what you'll find  
Whenever you read my mind  
It's just like I'm hypnotized  
And then I come alive  
You put a spell on me  
That's right where I wanna be  
And there's no mystery  
Because I believe  
With the wave of your hand

Everything changes  
With the wave of your hand  
I feel your magic on me  
And I have the spark of love  
And I have desire  
And I'm drawn to the fire  
With the wave of your hand  
And I have the spark of love  
And I have desire  
And I'm drawn to the fire  
With the wave of your hand  
Everything changes  
With the wave of your hand  
I feel your magic on me  
And I have the spark of love

Yeah I have desire  
And I'm drawn to the fire  
With the wave of your hand  
With the wave of your hand  
With the wave of your hand  
With the wave of your hand  
With the wave of your hand
