Everyone hurts, everyone bleeds  
With all this pain right underneath  
All we need is holding on  
We got the key to carry on

You  
You  
The only ones  
The only ones I want  
You mean more to me  
More than life can be  
The only ones  
The only ones I love  
We

The world is turning cold and dark  
Our lives are so wounded, full of scars  
And when I  
I don

You  
You  
The only ones  
The only ones I want  
You mean more to me  
More than life can be  
The only ones  
The only ones I love  
We

You  
You  
The only ones  
The only ones I want  
You mean more to me  
More than life can be  
The only ones  
The only ones I love  
We  
You  
You

The only ones  
The only ones I want  
You mean more to me  
More than life can be  
The only ones  
The only ones I love  
You  
You  
The only ones  
The only ones I want  
You mean more to me  
More than life can be  
The only ones  
The only ones I love  
We
