Tell me no secrets  
And I'll tell you an lies  
The future has been twisted  
And rehearsed for it's demise  
The warning lights are flashin'  
And their circlin' in the sky  
But no one feels the sinners blow  
It's right before their eyes

The wicked watch their heroes  
With evil on their minds  
While reachin' out for heaven's gate  
There shots ring through the night  
Hellbent for thunder  
We're racin' with the time  
But no one knows which way to go  
And no one knows to try

5 million reasons with 10 million pieces to go  
Wheelers and dealers with nothing but dreams of  
control  
I helieve, we're under the gun  
I heheec, we're under the gun  
Sold out to madness  
Prisoners of sadness  
I believe, we're under the gun  
We're under the gun

In the land of milk and money  
The devil has his spies  
While workin' undercover  
They all keep a watchful eye  
Buildin' up their underworld  
Their rotten to the bone  
Crossin' out the others  
While their sellin' out their own

5 million reasons with 10 million pieces to go  
Wheelers and dealers with nothing but dreams of  
control  
I helieve, we're under the gun  
I heheec, we're under the gun

Sold out to madness  
Prisoners of sadness  
I believe, we're under the gun  
We're under the gun

5 million reasons with 10 million pieces to go  
Wheelers and dealers with nothing but dreams of  
control  
I believe, we're under the gun  
I believe, we're under the gun  
Sold out to madness  
Prisoners of sadness  
Sold out to madness  
Prisoners of sadness  
I believe, we're under the gun  
We're under the gun
