"Celebrate"

We celebrate our love for rock and metal
We raise our heads as we salute
Tonight we share our love for rock and metal
There's nothing more we wanna do

It was a long, long road but we've made it through
For a long, long time I've been with you
When the times got hard and some lost hold
I knew you'd never let go

Now we're here today in the best of ways
Together as one, strong and true

We celebrate our love for rock and metal
We raise our heads as we salute
Tonight we share our love for rock and metal
There's nothing more we wanna do

Through the ups and downs we always stayed
'Cause the best of sounds always led the way
It was shining through, what it meant to you
Always stayed so real, that's how we feel

Now we're here today in the best of ways
Together as one, strong and true as steel

We celebrate our love for rock and metal
We raise our heads as we salute
Tonight we share our love for rock and metal
There's nothing more we wanna do

We celebrate our love for rock and metal
We stand as one as we salute
Tonight we share our love for rock and metal
Tonight that's all we wanna do

Now we're here today in the best of ways
Together as one, strong and true

We celebrate our love for rock and metal

We raise our heads as we salute
Tonight we share our love for rock and metal
There's nothing more we wanna do

We celebrate our love for rock and metal
We stand as one as we salute
Tonight we share our love for rock and metal
Tonight that's all we wanna do

We stand as one as we salute
We stand as one as we salute

We celebrate our love for rock and metal
We stand as one as we salute
We celebrate our love for rock and metal
Tonight that's all we wanna do
