You like to play with me
you drive me wild
you hurt me really deep
and I don't know why
It seems to me that I'm a long
long way from home

I went too far on the road to nowhere
It's you and me in a living nightmare
I gave up everything just to stay
close to your heart

You make me haul like the wind
I don't know how you got under my skin

Crying, shake it up
If I cry like a baby
Does it do it for you
Crying, ain't enough
If I cry till forever
Will I ever get through

I see the trouble
and I feel the danger
Is my heart beating for a heartless stranger

Just say a word and make me
see the things I don't understand

I'm freezing cold
and its getting colder
I'm losing hope
I can't wait no longer
If I could read your mind
I wouldn't come around here no more

You better know that I'm losing my head
And when I go love will never come back

REPEAT CHORUS :

You gotta know that you pushed me to far

You'll soon know how that feels
I tell you now: there's only one way out
My last chance is, I turn it around

REPEAT CHORUS :
