There is a statue - out on an island
Lady Freedom's got nothing much to do
Just stands alone, her face set in stone
It reminds me of me... without you

And in case you didn't get my letter
I ain't been making any head-line news
I just walk around and wish we were together
I'm gettin' nowhere without you

Millions of people... I'm that much more lonely
I'm seeing you - in every single face
My mind's insane, my heart's in pain
Without you here I feel so out of place

And if it makes you feel any better
I ain't been doing things we used to do
I just walk around and wish we were together

I'm gettin' nowhere without you

Too late to explain - why I came here
It was just something that I had to do
But take it from me - you're all I need
'Cause I'm still in love with you

And if it makes you feel any better
I ain't been making any head-line news
I just walk around and wish we were together
I'm gettin' nowhere without you
