You hold me when I'm sad
You love me when I'm bad
It feels like I'm falling
Heaven I see and it's heaven I feel
And the devil in me
Gets down on his knees
Heaven I see

I thought I would die before I met you
You brought back to life all that is true

Chorus:

You hold me when I'm sad
You forgive me when I'm bad

Bridge:

I've walked through the fire
Been baked through the coals
You lifted me higher
Both body and soul, Yeah

Chorus:

Heaven I see
And it's heaven I feel
And the devil in me
Gets down on his knees
Heaven I see. Yeah
Heaven I see
And the devil in me
Gets down on his knees
Heaven I see and it's heaven I feel
And the devil in me
Is finally set free
Heaven I see, Yeah
