"Kiss Me Like A Cobra"

Can you feel my heartbeat
When danger comes around
I sense a sudden smell of poison
Joined by a hypnotizing sound

A deadly game
A mind to tame
A deadly kiss
Eternal bliss

You put me in a state of trance
Seduce me like a cobra
Could it be our last romance
When you kiss me like a cobra

Love is constant danger
Cos' it makes me feel alive
My life never seemed much stranger
When killing me means love

A deadly game
A mind to tame
A deadly kiss
Eternal bliss
