It's the first thing in the morning
And the last thing late at night
I get overwhelmed with sorrow
I know I won't survive

I'm feeling that you're leaving
Just when the time is right
And I know there's no tomorrow
Will I ever see the light?

You said it's forever
What did I do?
Do you remember
I meant everything to you?

You said you'd always love me
Till the very last day of my life
Are you saying now it's time to die?

You swore you'd never leave me
Till the very last day of my life
Are you saying that you'd change your mind tonight?

Oh, I don't know where it started
But I know where it will end
And I pray that you'll still love me
'Cause my life is in your hands

I'm lost inside without you
I hope you are as well
And I feel my soul is stranded
Alone in this living hell

You said it's forever
What did I do?
Do you remember
I meant everything to you?

You said you'd always love me
Till the very last day of my life
Are you saying now it's time to die?

You swore you'd never leave me
Till the very last day of my life
Are you saying that you'd change your mind tonight?

Now I'm still waiting
Alone here in the dark
Collecting all the pieces
Of another foolish heart

You said you'd always love me
Till the very last day of my life
Are you saying now it's time to die?

You swore you'd never leave me
Till the very last day of my life
Are you saying that you'd change your mind tonight?

In the night when you told me you'd never let me go
In the night I'm still waiting for you to hold me, you to
In the night you will hold me and tell me we will go
And never let me go
And never let me go, oh no
And never let me go

I'm still waiting for you to hold me
And I know you will hold me and tell me we will go
Oh, no
