"Long Lost For Love"

Long lost for love
And alone in the dark
Lost 'till the end
With the fear of the damned
I'm lost without you
Lost without your love

I'm lost without any luck
I'm a mess without you
And you stabbed me in my heart
I'm down 'n out
No one can turn around but you
Only you my darling
Left me here
See I'm bleeding to death

Long lost for love
And alone in the dark
Lost 'till the end
With the fear of the damned
I'm lost without you

I'm lost without your touch
Wanna put my arms around you
I'm so craving for your hug
I wanna put a gun to my head
And leave
Leave it all behind me
How can I hold my head up high?

Long lost for love
And alone in the dark
Lost 'till the end
With the fear of the damned
Longing for love
With a cut through my heart
Long for an end
With a gun in my hand
I'm lost without you
Lost without your love

Long lost for love
And alone in the dark
Lost 'till the end
With the fear of the damned
Longing for love
With a cut through my heart
Long for an end
With a gun in my hand
I'm lost without you
Lost without your love
