"On The Run"

Your life's a battle, so tough and real
No one can help you, it'll never heal
No one to turn to, too much went wrong
This road to nowhere has no return
Such a rat race brings you down
Such a bad place, you know it inside out

You gotta ride it hard
You feel it in your heart
You never givin' up
You're on the run
You know you'll never stop
And hold on to what you've got
When no one backs you up
You're on the run
To get a second chance

Fighting a battle, it's hot as steel
No one can help you, it'll never heal
No one to turn to, too much went wrong
This road to nowhere has no return
There's no tomorrow, no second chance
Not much to hope for, give it all you can

You gotta ride it hard
You feel it in your heart
You never givin' up
You're on the run
You know you'll never stop
And hold on to what you've got
When no one backs you up
You're on the run
To get a second chance

You keep losin' when you don't try
So keep on movin' run for your life

You gotta ride it hard
You feel it in your heart
You never givin' up

You're on the run
You know you'll never stop
And hold on to what you've got
When no one backs you up
You're on the run

You gotta ride it hard
You feel it in your heart
You never givin' up
You're on the run
You know you'll never stop
And hold on to what you've got
When no one backs you up
You're on the run
To get a second chance, get your revenge
