I feel it in the air  
Feel this life it's so unfair  
Where you're born into is hit or miss  
No more with living safe  
When this world begin to shake  
Kill them all- gotta kill the beast  
Fight while you're alive

Raise your fist in the air  
Raise your fist  
Raise your hands up higher  
hands up high  
Raise your fist in the air  
Raise your fist  
We are hounds, hounds of fire

Raise your fist in the air  
Raise your fist  
Raise your hands up higher  
hands up high  
Raise your fist in the air  
Raise your fist  
We are hounds or hellfire

I'll fight until I die  
Fight this fight to stay alive  
In my heart I know I'll be alright  
I know it's up to me  
Change this world or let it be  
Take a stand and lend a helping hand  
Fight-fight till we die

Raise your fist in the air  
Raise your fist  
Raise your hands up higher  
hands up high  
Raise your fist in the air  
Raise your fist  
We are hounds, hounds of fire

Raise your fist in the air

Raise your fist  
Raise your hands up higher  
hands up high  
Raise your fist in the air  
Raise your fist  
We are hounds or hellfire

Raise your fist in the air  
Raise your fist  
Raise your hands up higher  
hands up high  
Raise your fist in the air  
Raise your fist  
We are hounds, hounds of fire

Raise your fist in the air  
Raise your fist  
Raise your hands up higher  
hands up high  
Raise your fist in the air  
Raise your fist  
We are hounds or hellfire

Raise your fist in the air  
Raise your fist  
Raise your hands up higher  
hands up high  
Raise your fist in the air  
Raise your fist  
We are hounds, hounds of fire

Raise your fist in the air  
Raise your fist  
Raise your hands up higher...
