Rock me while I'm alive
Rock till death - rock till death

Many ways you can spend your lifetime
Or waste your life away
Many ways for a celebration
We're gonna die anyway
I live my life, get some satisfaction
It's so hard to survive
Take your time and I take some action
I need some peace of mind

Rock me while I'm alive
Rock till death
Rock till death
Rock me while I'm alive
Rock till death
Rock till death

I'll do it now and I'll do it my way
No matter what they're gonna say
Rocking out on the darkest highway
No matter where we're gonna stay

Rock me while I'm alive
Rock till death
Rock till death
Rock me while I'm alive
Rock till death
Rock till death

Rock me while I'm alive
Rock till death
Rock till death
Rock me while I'm alive
Rock till death
Rock till death
