Lately I've been thinking
That forever is just a lie
I've... pause I've remembered all the pain I felt
When my only true love died
But last night I got the feeling
There was a spirit in the air
I lit a candle and I held my breath
I swear I saw you standing there
You spoke to me in whispers
And I melted at what I heard
There were echoes from the other side
In each and every word

[Chorus]
Said love is undying
True love never dies
We'll meet up again
I've... pause love has no end
Love is undying
I've so glad I saw you
I shivered inside
When you closed your eyes
But love is undying

And last night I dreamed a dream of you
Where you took me to the other side
You looked so happy, not a trace of tears
And I could not help but cry
You said I wasn't ready
To tell my world goodbye
But you'll wait for me until the end of time
And forever is not a lie

[Chorus]
Love is undying
True love never dies
We'll meet up again
I've... pause love has no end
No love is undying
I've so glad I saw you
I shivered inside
When you said goodbye

But love is undying
Love is undying
Undying
Undying

[Chorus]

Love is undying
True love never dies
We'll meet up again
Cause love has no end
No love is undying
I'm so glad I saw you
I shivered inside
When you said goodbye
But love is undying
Love is undying
There's no denying
You're the heaven sent
You came and you went
But love is undying
Love is undying
Love is undying
Undying
Love is undying
Love is undying
