I've done a lot of thinking
Since you went away
My mind's made up now
I'm gonna be okay

I made some changes
Got a new job last week
Rented a three-room
Up on Bleeker Street

I'm taking care
Of my body and soul
There's just one little thing
Beyond my control

Whenever I think of you
The thoughts blow me away
Whenever I think of you
I still love you till this day
Whenever I think of you
I wanna lose my mind
Cause I go crazy
Whenever I think of you
I go crazy
Whenever I think of you

I've done some talking
With a friend I just met
He knows that you're not
Easy to forget

And he keeps telling me
He'll help me survive
But every time he touches me
Your memory comes alive

Whenever I think of you
The thoughts blow me away
Whenever I think of you
I still love you till this day
Whenever I think of you
I wanna lose my mind

Cause I go crazy
Whenever I think of you
I go crazy
Whenever I think of you

Whenever I think of you
I wonder if you think of me too
I hope you do

Whenever I think of you
I wonder if you found somebody else
I hope it isn't true

Whenever I think of you
The thoughts blow me away
Whenever I think of you
I still love you till this day
Whenever I think of you
I wanna lose my mind
Cause I go crazy
Whenever I think of you
I go crazy
Whenever I think of you

Whenever I think of you
The thoughts blow me away
Whenever I think of you
I still love you till this day
Whenever I think of you
I wanna lose my mind
Cause I go crazy
Whenever I think of you
Cause I go crazy
Whenever I think of you

I go crazy
Whenever I think of you
