Who you love
Really makes a difference
Who you love
Keeps you sad or happenin'
Who you love
Says a lot about you
Who you love
Who do you love

Who you love
Is your main obsession
Who you love
Makes your body shiver
Who you love
Is Strongest weakness
Who you love
Who do you love

Tell me it's me
Let it be me
Who you're wild about
Tell me it's me
Only me
Who you can't live without
Let it be me tell me it's me
Who you can't get enough of
Let it be me
Who you love

Who you love
Is your shot at magic
Who you love
Let's you love who you are
Who you love
Is the one you'd kill for
Who you love
Who do you love

Who you love
Can drive you crazy
Who you love
Is your jealous nature

Who you love
Doesn't always love you
Who you love
Who do you love

Tell me it's me
Let it be me
Who you're wild about
Tell me it's me
Only me
Who you can't live without
Let it be me tell me it's me
Who you can't get enough of
Let it be me
Who you love

Who I love
Keeps a secret from me
Who you love
Who do you love

Tell me it's me
Let it be me
Who you're wild about
Tell me it's me
Only me
Who you can't live without
Let it be me tell me it's me
Who you can't get enough of
Let it be me
Who you love
