Wolves beset this fallen church of blasphemy
Orgies in blood shall deflorate its purity
Defecate on the liars book of sick belief
No one shall be saved, the way to hell has here been
paved

A din of stained glass fragments
Cut your flesh to the bone
Baptized in black blood
Hymen breached with a cross

Children of your lord
Semen peppers their faces
We seek to distort
Our kingdom shall come

Rise, the dead burst forth from ancient tombs
The steaming bowels of seraphs violently strewn
Hell is here, sermons backwards preach death and
doom
Flagellate and rape, blood let the pilgrims of their faith

Drain them of their sanctity
Perpetuate their tragedy
Infect them with all our disease
Mock his altar of deceit

With hell reborn
Your Christ be scorned

Diabolic ritual open the portal to damnation
Dark legions gathering for virtuous insemination
Molest and sodomize deride the seed of god's creation
Impale the Nazarene succumb to a spiritual inversion

In our unholy fathers disgusting house of shame
We revel in endless hatred burning so absolute
Corrupting all who'd enter here surrender to darkness
We kneel to those no more who'd burden and beguile

Within these wretched walls a summoning proceeds
What form will manifest of this abysmal devilry

The children now are bleeding, we eunuchate his sons
To evil blood and fire this earth will soon succumb

With hell reborn
Your Christ be scorned
Dead faith now torn
His love deformed
